TO FULLY APPRECIATE A BCS TILLER, YOU HAVE TO CONSIDER THE ALTERNATIVE.

Compared to our leading competitor, the BCS 725 tiller is lighter weight, more powerful and has a five speed, all precision gear transmission with two speed reverse. There are no V-belts, pulleys or friction discs to stretch, break or wear. And, with it's full line of attachments, the BCS 725 is far more versatile.

What's more, BCS offers you seven different tiller systems to choose from. With the proper attachments, you can convert any BCS tiller to a sickle bar, rotary mower, or snow thrower in just three minutes.

BCS
THE TOUGHEST TILLER
ON EARTH. ©

There are lots of other outstanding features about the BCS tiller that you'll appreciate including 100% ball bearing construction. And, if you'll send us the coupon, we'll tell you all about them, as well as the name of your nearest BCS dealer. But there's one thing we can tell you right now: All things considered, BCS is the toughest tiller on earth.
