

Load-up with White Farm utility tractors

Livestock means loader tractors. And the 2-55 and 2-65 Field Boss® utility tractors were designed with livestock operations in mind. They come with a lot of standard features (extra-cost options on most other makes) that can save you time and effort.

Shift on-the-go. Our new synchro-mesh transmission lets you shift through four ranges without stopping. To let you choose from 16 forward speeds.

Tighter turning. You'll like the quickness and agility of the 2-55 and 2-65, too. Even the four-wheel drive models turn almost as tight as most other two-wheel drives. A big plus in feedlots and other tight spots.

Experience for yourself the quality and value built into every 2-55 and 2-65 tractor. Come in today. It'll be worth the trip.

The 2-55 and 2-65 Field Boss utility tractors are packed with features to save time and effort around livestock operations.

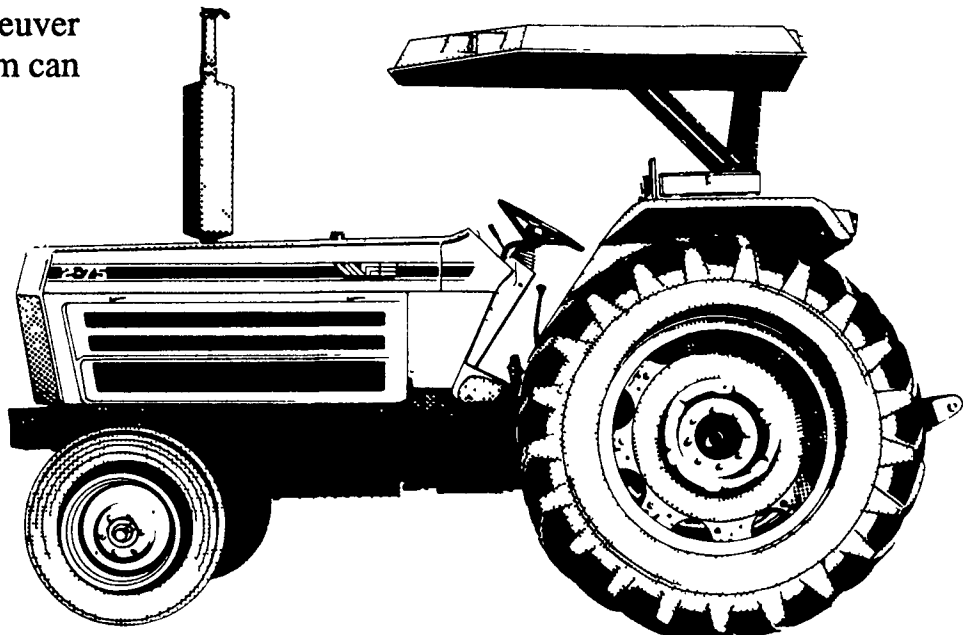

Big enough for the field, agile enough for the feedlot.

Whether you need to do heavy work in the field or maneuver around the feedlot, the 2-75 Field Boss® from White Farm can handle the job with ease.

Power to spare. The engine on this tractor is a beautiful 75* hp direct-fuel-injected six cylinder diesel. Teamed with the big-tractor power train and hydraulics, it makes the 2-75 more tractor than most utilities could ever be.

More standard features. What some other manufacturers call options come standard on the 2-75. Synchromesh transmission. Both 540 and 1000 rpm PTO. Two batteries for more starting power. Adjustable lower links on the 3-pt. hitch. And more!

Experience for yourself the quality and value built into the 2-75 tractor. You'll want to take one home.

Whatever you use a utility tractor to do, you'll like doing it better with a 2-75 Field Boss.

Feel the quality. Experience the value.
