**Harness Honey**

**LEATHER CONDITIONER**  
"Makes leather last longer"  
HARNESS HONEY was originally developed 20 years ago to treat leather shoe soles to make them last longer. It can be used on all leather products, from work harness to boots to baseball gloves, with great results

HARNESS HONEY is not sticky, and is virtually odorless. It is non-toxic. It penetrates deeply into the leather and lubricates the fibers, helping to both preserve and rejuvenate. It promotes flexibility and makes stitching easier

HARNESS HONEY will not evaporate, once absorbed into the leather it stays there. HARNESS HONEY gives new life to old leather and extends the life of new leather
