

Jersey Organizations Go To Pine Tree State In '88

COLUMBUS, OH — The 120th Annual Meeting of the American Jersey Cattle Club (AJCC) and the 30th Annual Meeting of National All-Jersey Inc. (NAJ) will be held June 21 to 24 at the Holiday Inn by the Bay, Portland, Maine. Four days of beautiful scenery, relaxing fun and Jersey activities are scheduled by the host organization, the Maine Jersey Cattle Club.

Formal events begin the evening of June 21 with the Annual Jersey Breeders Banquet at 7:00 P.M., preceded by an ABS-hosted social hour. The winners of the AJCC Master Breeder and Distinguished Service Awards will be honored.

Wednesday, June 22 is filled with tours to leading Maine Jersey herds and is topped off with the choice of a tour of the L.L. Bean store in Freeport or an evening cruise in the Casco Bay.

Thursday, June 23 begins with the NAJ Breakfast and Annual

Meeting. A ladies program is also scheduled, as is a dairy quiz bowl for the juniors. Noon will find all participants at the Cumberland County Fairgrounds for a clam and lobster bake, followed by the 31st Annual National Heifer Sale and an elite cow sale called, appropriately, The Maine Event. The evening will again feature the trip to Bean's in Freeport and the Casco Bay cruise.

Friday, June 24 brings the AJCC Awards Breakfast, honoring the winners of the Young Jersey Dairyman Award. A junior breakfast and the dairy quiz bowl finals are also scheduled. The AJCC annual meeting concludes the formal events, followed by an optional tour of more top Jersey farms.

Spread fertilizer and lime in your orchard or vineyard

Now there's a high quality, reliable Stoltzfus spreader designed to care for your trees and vines as much as you do. It easily spreads fertilizer and lime—even wet, stockpiled lime—just where you want it. Consider these features and options:

- Limb guards
- 65" height
- 60" width
- 84 cubic feet capacity
- Spread to either side only, or to both.
- Center-limiting deflector puts material under your trees, not on the driveways.
- Low-rate feature lets you spread fertilizer as low as 125 lbs./acre.
