

Workshops For Berks and Montgomery Counties

FLEETWOOD — All single young women who are between the ages of 16 and 24 and are from a dairy farm background are eligible to compete for the title of the 1988 Berks County Dairy Princess. The contest is open to all of Berks County.

The Berks County Dairy Princess Pageant will be held on Saturday, May 14, 1988 at the Berks County Agricultural Center at 7:00 PM. The winner will be eligible to vie in the state contest for the title of Pennsylvania Dairy Princess. Clarinda Leatherman, Berks County's 1987 Dairy Princess, served as the First Alternate Pa. State Dairy Princess this past year.

Thirty-one state princesses and hundreds of county princesses have served as spokespersons for the dairy industry in Pennsylvania over the last thirty-one years. They appear in shopping malls, fairs, supermarkets, and on radio and television to educate consumers about the dairy farmers products.

Any single woman who has completed her junior year in high school; is not over 24 years of age; never married, never had children, and will not marry during her reign; is a daughter of a dairy farmer, a dairy farm manager or herdsman within the last 3 years, or herself is a fulltime employee on an operating dairy farm, or the owner of at least two dairy animals in a bona fide 4-H or FFA project prior to May 1, 1988; and have her parents' or guardians' consent may compete for the title.

The winner of the Pennsylvania Dairy Princess Pageant receives a \$500 cash award. The first and second runner-up will receive a \$300 and \$200 cash award respectively. The state title is honorary and there would be no interruption of school or regular employment plans. The State Pageant is coordinated through the Pennsylvania Dairy Princess & Promotion Services Inc.

The Berks County Committee is also looking for little girls, ages 4-6 years old, whose parents are involved in dairy farming in Berks County to vie for the title of Little Miss Berks County Dairy Princess. A winner will be chosen during the Berks County Dairy Princess Pageant on May 14th. The little girl will also be asked to make several promotional appearances with the County Dairy Princess during the coming year.

Young women and little girls who are interested in entering the contests should contact Phoebe R. Bitler at R.D. #4, Box 4176, Fleetwood, PA. 19522. Telephone: 215-944-0541. Application deadline is April 12, 1988.

It's royal jelly . . . and one brand stands above all others:

Rocky Mountain™ Royal Jelly

It's America's favorite!

What is Royal Jelly?

Royal jelly is a substance made by worker bees for the queen bee. It has scientists baffled, for royal jelly, through a special metamorphosis, can transform an ordinary female bee into a queen bee and will increase her normal lifespan of 3 months to over 5 years. The queen will become incredibly fertile on this diet and will lay up to 2½ times her own body weight in eggs in a single day.

What Does It Contain?

It's a storehouse of B vitamins and contains one of the world's richest natural sources of pantothenic acid, known as the stress vitamin. It contains all the eight essential amino acids, including high concentrations of lysine and tryptophan. It also contains numerous minerals including calcium, iron, potassium, silicon, and sulfur.

What Are Some Of Its Benefits?

"It is in a category all its own," reports Joe Parkhill, author of eight books on bee products and one of the world's foremost authorities on royal jelly. "Royal jelly may indeed possess extraordinary properties. It is one of the world's richest sources of pantothenic acid, which is thought to stimulate the adrenal glands and increase the production of cortisone and other adrenal hormones important for healthy skin and nerves."

Parkhill, who bases his statements on personal testimonials gathered from around the world, believes "the beautifying effects on the skin, hair, and nails, are only some of the youth restoring properties of royal jelly." Parkhill feels that after several weeks' use it induces a mild state of euphoria and feels it provides vital nutrition believed necessary for:

- Energy
- Vitality
- Insomnia
- Arthritis
- Anti-Aging
- Mental Alertness
- Complexion, hair, nails
- Proper digestion
- Enhancing immunity to diseases
- Fighting infection
- Stress-related problems
- Sexual enhancement

Rocky Mountain™ Users Tell Us . . .

"Hair is growing on my bald spot on my head and have more energy. My temper is stable and I have more love for people, more patience, and don't care to drink beer and more things." Dr. FM

"I was getting up every two hours to relieve my kidneys and had chronic constipation and fatigue. After about 8 months taking pollen, my friends marvel at my ability to do so many things. At 71, I am more capable than I was 15 years ago. I feel good!" LK

"Please send Rocky Mountain pollen, as prescribed for us by Dr. EG. We need this for my husband who has major and critical health problems, as well as for myself." MCR
