

Lebanon Valley National Bank purchased a Registered Dairy Heifer at the "Spring Promise Accent on Youth Sale" held at the Lebanon Area Fairgrounds on April 14, 1988. Thirty-four animals were donated by area farmers in order to raise money for the construction of a new show barn at the fairgrounds.

LVNB will sponsor an essay contest offering the Registered Heifer to the winner. The contest is limited to youth in Lancaster, Lebanon, Dauphin, Schuylkill and Berks counties. The title of the essay will be, "Why I Would Like The Lebanon Valley National Bank's Heifer For My 4-H or FFA Project." The essay must include Name, Address, and Telephone Number of the writer. The essay must state where the heifer will be housed, and what fairs and exhibitions it will be shown at, and a brief resume stating what FFA or 4-H Chapter the writer belongs to. The writer should also list their livestock experience and their community involvement.

The essays should be sent to Lebanon Valley National Bank, 555 Willow Street, Lebanon, PA 17042, and received by May 20, 1988. Any questions, feel free to call Sean McKinney at 717-274-6906.

- Easy-to-operate touch sensitive keys
- Operates with any field implement requiring acre measurement - pulled, mounted, or self-propelled sprayers, combines, etc.

\$150.00

At Last! A Reliable, New Stainless Steel AG-CHEM FOAM MARKER

Each Foam Marker **\$725.00** Contains:

- Mixing chamber for each boom.
- Drop hoses for each boom.
- Electric harness for in-cab controls (on-off/left-right).
- Hose for boom lengths up to 47'.
- 8 oz. container of new 80-to-1 Ag Foam.

The Ag-Chem foam marker offers you efficient operation with a 12 volt compressor that draws only 9 amps. Independent left and right boom markers can be controlled from the cab for on-the-go operation. That lets you operate either boom marker for precise, economical foam placement. And best of all the Ag-Chem Foam Marker produces a dense foam within seconds of agitation, and has a dependable output that can be adjusted for volume.

Use with the new 80-to-1™ high concentrate foam.

Handy Half Gallon **AG FOAM \$9.45**

ADJA FOAM MARKER

A long lasting Foam Marking System that leaves highly visible strips or balls of foam. The ADJA Foam Marker is a new concept in foam generation which eliminates the need for compressors, pumps or solution tanks, etc.

The simplicity and reliability of this state-of-the-art marker make it the most reasonably priced marking system presently available to the farming community.

Simple electronic controls allow in-cab control of an off switch, left or right marking, foam mark size, and distance between marks. The ADJA Foam Marker is ideal for use on a variety of surfaces such as summerfallow, stubble, cultivated or disced stubble, green crops, green grass or brown grass. A totally new formula produces foam that will last for one full day or more.

ATTENTION OWNERS OF DYE OR SILVER MARKERS —

With the use of a very simple adaption kit the ADJA Foam Marker can be added to your existing system at very little expense. This will allow you to mark with dye or foam, depending on your field conditions.
