Penn Jersey has over 23 years experience selling and servicing Harvestore Systems equipment.

We maintain five service centers conveniently located throughout Pennsylvania and New Jersey.

One man will perform your service call in most cases, avoiding the cost of an extra man. Your service is handled by a competent, professional technician.

Our fleet of service trucks is fully equipped with the genuine Harvestore Systems parts and tools to do the job expertly - usually on the first trip.

Customers receive a cash discount for prompt payment of service invoices.

All new, genuine Harvestore Systems parts and equipment are backed by A.O. Smith Harvestore Products warranties. Special warranties also apply to pre-owned Harvestore and Slurrystore systems.

(Not pictured: Ammor Zimmerman, Ray Zimmerman)

The results you may achieve with your Harvestore® System depend primarily upon your management skills and may vary from successful results achieved by others. Any application to a particular farming operation requires the advice of qualified experts and is subject to limitations of good management, weather and other conditions present at the individual location.
