

GOOD DEALS

from Good Dealers

The bottom line:

Own this John Deere 330 Baler for just \$209.⁷⁵ per month*

When you're shopping around, keep in mind what you really want from your new round baler.

Perfect round bales...at an affordable price. And John Deere round balers even give first-timers those picture-perfect bales. And do it quickly and easily.

Big bales without a big hassle. With a John Deere 530 Baler, you can put up alfalfa, grass, balage or any crop in between in bales up to 1850 pounds.

Or, get up to 1400-pound packages with the 430 Baler.

The 430 and 530 take all the guesswork out of baling chores with the exclusive Bale-Trak® monitor. This standard feature electronically guides you over the windrow. It also lets you know when to stop and release the bale.

Want smaller bales with a price to match? If you're looking into the labor- and time-saving efficiency of round bales, but not in a big way,

John Deere has the way to go.

The 330 Round Baler.

It has many of the same features of our popular 430 and 530 Balers, including the ability to make perfect bales. Bales that weigh up to 650 pounds and from 35- to 48-inches in diameter.

This baler is leaner, trimmer. And the price shows it...just \$209.75 per month!

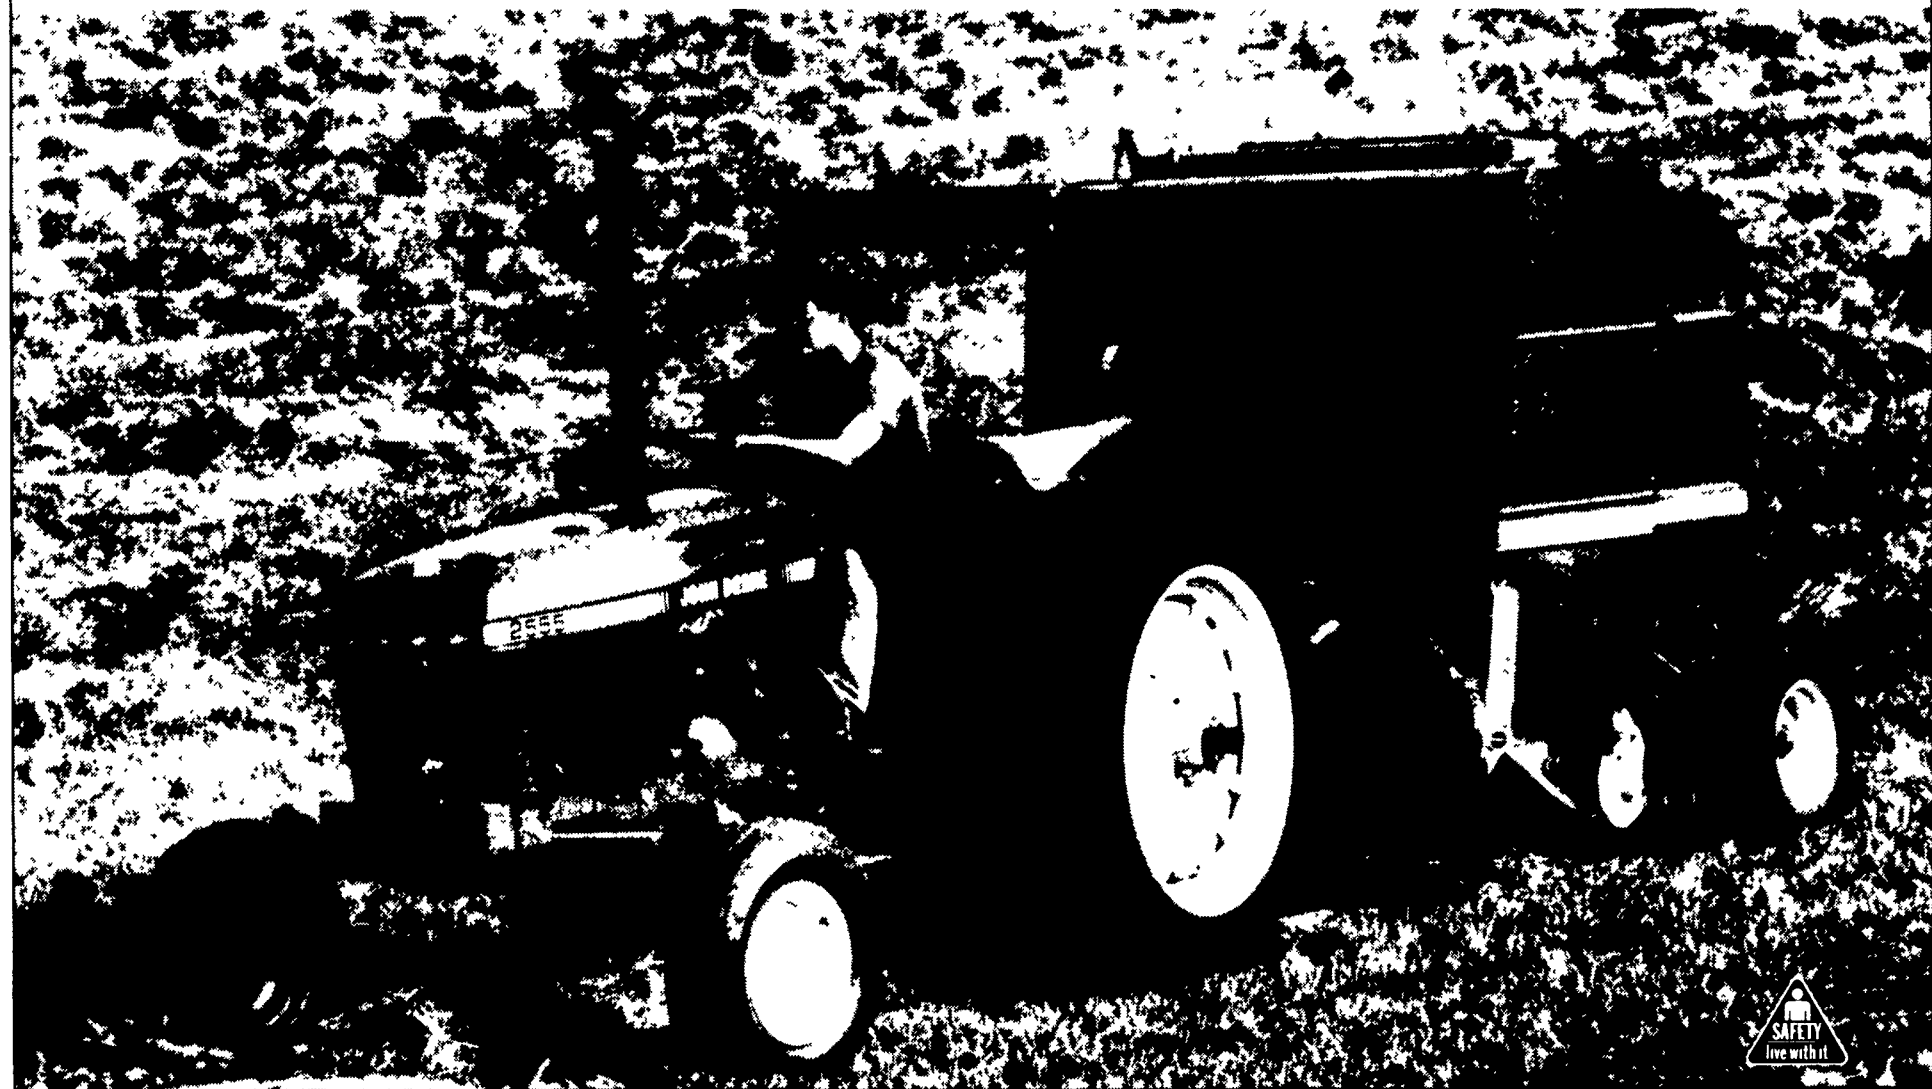

*Monthly price quoted is based on 48 months at 13.00% APR fixed rate with 20% down, and a manufacturer's suggested list price of \$9776.00. Attachments and accessories extra. The rate and the resulting payments may be slightly higher or lower because John Deere dealers are independent retailers. Offer may be with drawn at any time.
