We Salute The American Dairy Farmers

The Mueller Accu-Therm™ Precooler Cuts Cooling Costs Up To One-half and Puts More Profits in Your Pocket!

Makes your operation more profitable!
 The Accu-Therm uses well water to precool your milk before entering the milk cooler therefore your milk cooler runs less and cuts cooling costs up to one-half of their previous costs

Minimal Installation Effort and Time!
 The Accu-Therm fits into any operation regardless of the space requirements and makes operation expansion easy by simply adding plates without added space requirements

Low Maintenance!
 The Accu-Therm cleans in place and does not add to the cleaning work load of the milking operation
