OUR NEW POWER PACK™ UNLOADER LOOKS ABOUT LIKE ANY OTHER SURFACE DRIVE UNLOADER.

BUT LOOKS ARE DECEIVING! HERE'S WHY:

- **Longer Wear** Acid and abrasion resistant stainless steel impeller paddles will last much longer than low-carbon steel paddles
- **More capacity** New 1, 20 forward-pitched roughage auger flighting design assures greater capacity and less wear
- **More convenience** Easier to raise for refilling. You don't have to drag Power Pack drive wheels into its raise position - you roll them - easily
- **Attention to detail** From chipper wheels to auger knives - we made everything better. And we added a remote start/stop control as standard equipment.

So take a close look at Power Pack. It's a lot better in a lot of ways!
