Milmark Research Inc. Salutes The Dairymen And
Says "Thanks" For Using Pro-4 Teat Dip.

PRO-4

SANITIZING TEAT DIP

**Don't kid yourself...killing GERMS
is only part of the mastitis
prevention program!! The answer
is PRO-4 Teat Dip.**

Pro-4 formulation recognizes that killing germs is only half the battle in mastitis control. Maintaining good healthy teat tissue is the other half of the battle that must be won to reduce mastitis. The multiple conditioning action on the teat skin of Pro-4 is superior to any teat dip on the market today. Pro-4 Teat Dip has a record of 15 years of safe and effective use.

**Passes Protocols
"A", "B", & "C"
Of The National
Mastitis Council**
