“Consider The Concrete Advantages”

Poured concrete silos since 1908. Now in our 80th year and recognized as the leading silo manufacturer in the east. This quality storage system is available now. Top unloading - bottom unloading - and the unique Big Jim System.

Solid 6" concrete wall, heavily reinforced with hi grade steel, and equipped with concrete chute, fill pipe, ladder, safety cage and aluminized steel roof. Our conventional top unloading silo has a door system 2hd to none!

FACT: Our poured concrete wall has 780 times more heat-resisting ability than steel. Heat damage occurs when stored feed is heated above 95° F. Our silo protects your feed quality.

*** We Want To Help! Ask Us About Delayed Payments Or Financing, Let's Sit Down Together To Discuss Your Silo Needs And How We Might Help.**

For Sale: A Good Used 24' Big Jim Unloader
