Case IH put more into the new MAGNUM tractor line than any farm tractors developed in over twenty years. Here's why you'll get more out of it. **MAGNUM means more.** Outstanding field performance from a new 505 cubic inch turbocharged engine with reserve power. MAGNUM power. The MAGNUM tractor's powershift puts 18 speeds of shift on the go workpower at your fingertips — standard. And only MAGNUM tractors offer a full powershift creeper transmission with six additional speeds from 5 to 2.1 mph for more control and performance. MAGNUM performance. The MAGNUM tractor's new larger cab has 48 square feet of window area, virtually unobstructed visibility, more room and more seating comfort. MAGNUM comfort. It all adds up. Case IH MAGNUM tractors are setting new standards for the 130-195 PTO hp power range and for you. See us for details.
