

You've Put Us In Our Place!

And here are some reasons why:

- Our professional, experienced staff.
- Our extensive inventory of pre-owned Structures - both Harvestore® Systems and Slurrystore® Systems.
- Our five convenient service locations and well-stocked parts inventory
- Our excellent financing programs — currently you can erect a pre-owned system now at a low 7.95% A.P.R. with no monthly payment until February 1990.
- Our appreciation of your business!

The results you may achieve with your Harvestore® System depend primarily upon your management skills and may vary from successful results achieved by others. Any application to a particular farming operation requires the advice of qualified experts and is subject to limitations of good management, weather and other conditions present at the individual location.
