## NEW REDESIGNED 1989 TIMPTE GRAIN HOPPER

Got Grain? Then get the trailer that is TimpTE tough... the Super Hopper. It's not only built to take it...it's also built to cut fuel costs. The Super Hopper is lightweight and aerodynamically designed to reduce wind drag. When there's grain to be hauled, TimpTE does the haulin' best and pulls a lot easier than the rest.

**M.H. EBY, INC.**  
Box 127, Blue Ball, PA 17506 (717) 354-4971

# ALUMINUM GRAIN BODY

## CONSTRUCTED FOR YEARS OF MAINTENANCE-FREE SERVICE.

You'll get more out of an Eby aluminum grain body. Lightweight and rugged aluminum provides rigid, fuel-efficient support to fill your grain hauling needs.

Eby packs years of experience, workmanship and performance into every aluminum body it manufactures. And special Eby options let you customize your body to your individual operation. Available in standard lengths, each unit is designed to provide you with an investment in durable performance and practical economy.

Look over these outstanding features.

- **Less weight.** Eby aluminum bodies weigh up to 30% less than comparable steel and wood construction.
- **Less maintenance.** Aluminum construction won't rust or rot—never needs painting.
- **Long-life durability.** Heavy-duty structural components and hollow-tube frame combine with aluminum floor and sides to stand up to years of hard work.
