PRO-4 SANITIZING TEAT DIP

Don't kid yourself... killing GERMS is only part of the mastitis prevention program! The answer is PRO-4 Teat Dip.

Passes Protocols "A", "B", & "C" Of The National Mastitis Council

Pro-4 formulation recognizes that killing germs is only half the battle in mastitis control. Maintaining good healthy teat tissue is the other half of the battle that must be won to reduce mastitis. The multiple conditioning action on the teat skin of Pro-4 is superior to any teat dip on the market today. Pro-4 Teat Dip has a record of 15 years of safe and effective use.
