The champion Rambouillet ram was exhibited Billy George Leib. Showing the ram was Bob Leib.

Used carbon steel storage tanks which we have removed the end (heads). Lifting lugs

attached. No coating. These tank shells make an inexpensive, quick and strong bridge. Tank shells buried with 3 feed of ground cover can support 80,000 lbs.

The satisfaction that comes from doing a good job of farming

Liming is one of the most important factors in keeping your soil in the highest productive range A good pasture with a pH of 6 5 or higher for example will make 300 to 400 lbs of beef per acre and produce up to \$100 gross income per acre This means with the help of lime profits from pastures can compare favorably with feed or grain crops
