

## Lebanon DHIA

(Continued from Page A1)

Winebark urged members to talk to their neighbors and tell

them the benefits of being a DHIA member. Supervisors shared their ideas on how DHIA membership

can pay for itself: —if milk production increases by 1/2 pound/cow/day.

—if you reduce calving intervals by 5 1/2 days on each cow in the herd.

# TIME MACHINE.

The De Laval Feed Car automatically saves you time, and money.

Time is money. And the De Laval Feed Car can save you plenty of both.

The Feed Car automatically dispenses precise rations of one or two types of feed, with no pre-mixing, to as many as five cows per minute, 24 hours a day. And the auto-start timer, automatic battery recharge and optional automatic refilling save even more time. So you're freed up to give your attention to other details, confident that the Feed Car is accurately and efficiently feeding your herd.

For details on the time- and money-saving benefits of the Feed Car, contact the De Laval dealer nearest you. Now's the time.
