

WE'LL PROVE ALL SPREADERS ARE NOT THE SAME

Let's deal for a spreader now

When it's time to spread manure, you need a spreader that's built to give trouble-free service for years. The New Holland Model 795 delivers that kind of reliability. Load after load, this giant spreads manure fast. It hauls 410 bushels. Spreader paddles are made of high-strength, heat-treated, abrasion- and corrosion-resistant alloy steel, to resist bending and retain their sharp cutting edges. And Bonded Protection guarantees the sides and floor for the life of the spreader.

If this sounds like the kind of reliability you want, let's make a deal for a "795."

Get a good deal on a Strong Box

I'm making deals on the complete spreader line, especially the Model 680 spreader. This Strong Box hauls and spreads up to 6½ tons per trip. And, it's built to last. The heavy duty steel A-frame extends back under the box so it carries the load instead of pulling it. And Bonded Protection guarantees the spreader sides and floor for the life of the spreader.

If you appreciate old fashioned reliability, you'll really like the "680." Stop in today and let's deal.

Talk to us about the *better spreader!*

The New Holland Model 304 side-delivery spreader holds 1,225 gallons of slurry or heavier manure. Reliable New Holland construction. Unloads fast. You control the rate of application hydraulically while watching over your right shoulder. Perfect for precise application. See us today.
