

Dry-flowable PROZINE Costs less than Bicep or Lariat and gives superior control of the toughest weeds and grasses in corn.

PROZINE® 70DF corn herbicide delivers season-long control of major problem grasses and broadleaf weeds, including velvetleaf, triazine-resistant pigweed and lambsquarters, foxtails, panicums, wild proso millet and seedling Johnsongrass.

In fact, PROZINE does it all for up to \$3 an acre less than Bicep¹ or Lariat.²

One application of PROZINE, applied pre-emergence or early postemergence, gives corn growers broad-spectrum control of grasses and broadleaves. Do NOT incorporate PROZINE in corn.

PROZINE is packaged in two convenient 20 lb. bags per carton. Its dry-flowable formulation makes it easy to mix and apply.

So get season-long control of your toughest

weeds. And save up to \$3 an acre. With convenient, dry-flowable PROZINE.

Get PROZINE® at your local Cyanamid AgriCenter™ dealer.
