BCS tillers make a lot of horse sense. Or mule sense. They're available in nine basic sizes that range from 5 to 16 horsepower. Which means there's one for any size chore or person. What's more, there's one for any job. You can convert a BCS tiller in minutes to a lawnmower, sickle bar cutter, garden sprayer, or snow-thrower. Plus they eat no hay, drink no water, aren't a bit stubborn

and require a very small stable. So why don't you put one in your stable? Visit your BCS dealer for a demonstration. Or write BCS Mosa Inc., P.O. Box 1739, Matthews, NC 28106 for more information.

HOLLAND – if you built it yourself you'd build it like we do.

Holland Transplanters have the features you want because we know the performance you expect— careful and time-saving planting, watering, and packing that can help you get earlier yields and bigger yields. Your Holland has what it takes to do the job. Famous pocket-plant holder (everyone tries to copy it). Cast iron gears and spacing sprockets. Steel chain tighteners for dependable "no break down" performance.
