

BIG BALE CHOPPERS from KIDD give regular bale economy from big round bales.

For animal feed, bedding or mulching the Kidd Big Bale Chopper puts the material where you want it, with either or both sides delivery controlled from the tractor seat. It saves up to 40% in both material usage and labour. And with air box adaptor, it blows material through a 7 inch dia. flexible hose, ideal for landscaping applications.

For animal feed, it chops and shreds hay to provide better digestion and increased growth rates and, for bedding, it means less waste. For mulching it can be used around strawberry plants or apple trees with considerable saving on straw and labour.

Two models available — Model 4-5 holds 4 ft. round bales or up to 5 regular bales, and Model 6-10 holds 6 ft round bales or up to 10 regular bales.

Schoessow

THE LEADER IN FEEDERS

MINIMIZE FEED WASTE

- Slant bars restrict movement
- Feed saving edge
- One sheet formed bottom
- Feeding at ends as well

BUILT TO LAST

- 100% welding construction
- Corrosion resistant material
- Accommodates misuse of livestock

VERSATILE

- All applications of feeding
- Semi-mobile and mobile units
- Feeding round bales
- Zero grazing

Fast, efficient, one-pass seedbeds with new Hart-Carter

dyna-drive™

Ground operated . . . no PTO or gearbox

Unique, forward scooping action prepares uniform, level seedbed in wide range of soils at high speeds. Adjustable depths from 1½" to 5½". Long wearing tines, simple award winning design for easy maintenance. Greater fuel economy.

HART-CARTER COMPANY

Won top honors in Implement & Tractor's 1st design award competition for shortliners

Quality & Price!

They keep on trying, but *nobody's* been able to match our Liquid, Dry & Suspension Fertilizer Coulters!

Fits most planters, including 3 point planters, for accurate, single-pass planting & fertilizing — or mount on toolbar for precision banding — narrow design allows better penetration with less soil disturbance.
