

Townsend Crowned 1989 State Fair Queen

LANCASTER—Kelly Townsend representing Washington County Fair was crowned the 1989 Pennsylvania State Fair Queen at a luncheon here Thursday. Townsend will reign over the activities of the State Association of County Fairs and attend many local fairs as an ambassador of good will. The 1988 State Queen, Joy Dippery, crowned the new queen.

Runner up in the contest that had representatives from 24 local fairs in competition for the state honor was Kimberly McClymont, Wyoming County Fair.

Townsend is the 18-year-old daughter of John and Jacquelyn Townsend. The new queen is majoring in Management at Syracuse University. She is a member of Alpha Phi Sorority. In high school, she held offices in Student Government and Tri-County Student Forum. Townsend was co-captain of the varsity cheerleading squad, sang in the choir and was a member of the Varsity Club and the Chartones.

McClymont is the 20-year-old daughter of Connie T. McClymont and attends Buchnell University.

She is manager of the Varsity Cross County and Track, vice president of Synchronized Swim Club, and is yearbook photographer. She is a member of Alpha Chi Omega and was Homecoming Chairperson '88.

The State Association also made awards for excellence in commu-

nication. Twenty-seven displays were entered. The winners are as follows:

SCRAP BOOK: 1. Indiana County; 2. Somerset County; 3. Hookstown.

SLIDE SET: 1. Indiana County; 2. Hookstown; 3. Washington County.

FARI BOOK: 1. Clearfield County; 2. Indiana County; 3. Warren County.

PROMOTIONAL MATERIAL DISPLAY: 1. York County; 2. Washington County; 3. Big Butler.

VIDEO (Non-commercial): 1. Bedford; 2. Hookstown; 3.

Indiana County.

VIDEO (Commercial): 1. Washington County; 2. Fayette County; 3. Kimberton.

BEST EXHIBIT: Fayette County.

BEST OF SHOW: York County.

LANCASTER — To help celebrate the 25th anniversary of the Farm and Home Foundation, WGAL-TV's Wendall Woodbury will be featured speaker. The program will be held on Thursday, January 26, with a social hour beginning at 6:00 p.m., followed by dinner at 6:30 p.m. Tickets for the dinner are \$10.00.

Woodbury's presentation will be multi-media, and will focus on his activities in producing the feature segments known as "Wen-

dall's World." Hired by WGAL-TV in 1968, Woodbury has served as anchorman, producer and reporter. He is seen weeknights on Newscenter 8.

Born and raised on a dairy farm in Maine, Woodbury says he discovered early that "making movies" was more fun than milking cows! He graduated from the Leland Powers School of Radio, Television and Theatre in Boston, and began his career as a radio announcer.

The Hempfield Jazz Band, under the direction of Gary Luckenbill, will provide musical entertainment for the program.

There will be recognition of early leaders in the movement to build the Farm and Home Center, which was the first center of its kind in Pennsylvania, designed to provide a hub for agriculture and home economics programs. It continues to serve as a focal point for Lancaster County's agricultural industry which leads the state.

Tickets for the dinner, which is open to the public, can be purchased from any member of the Board of Directors of the Farm and Home Foundation or by calling the Penn State Extension Service at 394-6851, or the Farm and Home Center at 392-4911. The Center is located at 1383 Arcadia Road, Lancaster, Pa. 17601.

ARE YOU LOOKING TO UPDATE YOUR WATERING SYSTEM?

Big Dutchman®

POULTRY FLOOR WATERING SYSTEM FOR BROILERS, BREEDERS, TURKEYS OR DUCKS

SYSTEM FEATURES

- Water is always accessible, and always clean. The system is completely enclosed. Nipples are self cleaning, and they do not collect dirt. Since the nipple "washes" every time it is triggered, it does not get clogged by feed or feather dust.
- Drier litter is maintained because of the reliable triple seal and low water pressure. There is less spillage and no squirting with this low pressure (1/4 lb. or less) watering system.
- The pressure regulator (30VVR332) can provide and maintain a uniform 1/4 lb. pressure for the entire length of a 500 ft. 3/4 inch plastic water pipe.
- Inspection and maintenance are easy. If a nipple needs replacement, simply turn to disengage the "J" flange and pull the unit out of the "saddle" or pipe connector. The new nipple may be inserted and locked in place by turning to engage the "J" flange. There are no threaded parts, clips or screws.
- Other maintenance tasks are as easy. Leveling may be done by means of adjustment straps on the winch cables. There are no cups, troughs or founts to clean.
- Simple installation for floor systems. Plastic water pipe is clamped to 1" conduit sections, coupled together for continuous support. Conduit is suspended from winch system at 12' (max.) intervals. The 3/4" plastic water pipe clamps to conduit line every 24".

Mfg. by VAL

NIPPLE DRINKER FEATURES

- Day-old birds can activate the valve from any side, any angle. (Mini drinkers required only if birds have been debeaked day-old.)
- Triple stainless steel valve seat made to precision specifications. No rubber seats to replace. Drinker operates on low 1/4 lb. pressure. Minimizes wet litter problems.
- Each nipple can serve 15 broilers, 10 heavy breeders or 8 turkeys.
- Drinker mounts on water line saddle by means of a "J" flange. Easy assembly and easy replacement.
- Drinker is easy to take apart & re-assemble. All parts are accessible and removable by simply pulling the cap out of the body.
- New Mini-Trough Drinker available for day old debeaked birds. Attaches to Nipple Floor Watering System, and remains through grow-out period. There is no need to remove the mini-trough between flocks.
