**ELIMINATE Early-Weaning Weight Loss Syndrome**

Early-weaned pigs normally lose weight during the first week on dry feed. Keep your pigs growing and gaining up to a pound a week with Agway PRO:LEAN EARLY WEAN SUPREME™.

**AN EXCELLENT FEED MADE BETTER**

Cooperative research farm trials with nearly 1,000 three-week-old weaned pigs showed an increased average daily weight gain of 28.3% over the best, previously developed, Cooperative Research Farm starter ration for early weaned pigs. Average daily feed consumption was up 9.3%, and feed

efficiency improved by 14.9% in the first 14 days in the nursery.

EARLY WEAN SUPREME is a highly palatable feed made with high levels of milk nutrients. It is also medicated to control scours. It assures an improved rate of weight gain and feed efficiency in early-weaned pigs.

Ask your Agway Salesperson or your local Agway store for PRO:LEAN EARLY WEAN SUPREME and give your early-weaned pigs a fast start on dry feed.

**Working for people who work the land**
