**Get the Power You Pay For
With Van Dale DURAGLIDE™**

Get This! **Not This...**

The newest innovation in silo unloading—from Van Dale, of course—is the
DURAGLIDE Impeller System, which dramatically increases throwing power while
reducing power requirements.
The DURAGLIDE paddle and wrapper inserts are slicker than glass and more
durable than stainless steel.
Reduces friction and gummy buildups in the impeller.
Results in silage out the door every time—no annoying trips up the silo!
See this revolutionary system today at your local Van Dale dealers.
