Only planter able to set 4" potted plants through plastic!!!

We want your plants to get the best possible start. Through plastic or in bare ground. Holland is the only planter that can plant a 3" pot, 5" deep. Deep enough to avoid pot "wicking" while giving stem protection from wind damage. Also, there are seven interchangeable spades available. Lets you plant the pot size of YOUR choice. 1/4" to 3". Optional automatic watering system stimulates faster growth. All

this in a planter that is built to last. Welded 2 1/2" tubular frame construction Sealed and roller bearings. Wt approx. 700 lbs Available in tractor mounted, one row, two row and twin row models See your local dealer, call or write

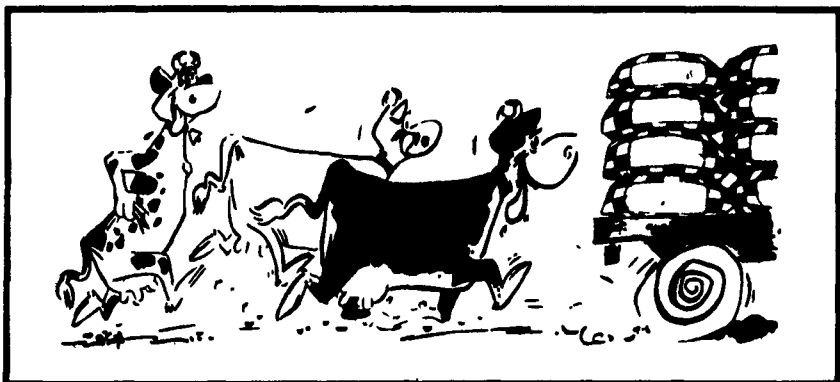

Additional equipment available for a complete plastic planting operation. Holland Transplanter's years of experience in this industry has led to the development of our Plastic Mulch Layer: Mulch Digger; Bed Shaper and the combination Bed Shaper/Mulch layer.
