**LEADERSHIP AT WORK**

## John Deere — In Front from the Start

John Deere front mowers keep you ahead with six models ranging from 17 to 28 horsepower. They all deliver smooth cuts and accept a variety of attachments for versatile performance.

Standard cruise control, two-pedal hydrostatic speed-and-direction controls and rear-wheel power steering make a John Deere front mower convenient to operate.

Dual hydraulic lift cylinders provide good lateral and vertical float, and differential lock gives you added traction in slick areas and on slopes.

See the John Deere front mowers and all the attachments to make your lawn maintenance easier.
