

# Give Your Pigs A Headstart To Market.

There's an old saying that goes, "well begun is half done." Those are words to remember if you want to get the most for your pigs come market time. Something else to remember is the Master Mix line of starter feeds: Crate-Mate, Premawean and Premapig.

Crate-Mate is the sow replacer that gets even your smallest runts and orphans off to a healthy, profitable start. And Premawean/Premapig is the two phase program that gets your pigs in and out of the nursery with the fastest, leanest gains in the business.

Talk to your Master Mix dealer today. Because if you want to give your pigs a healthy headstart to market, you'll want to give them the Master Mix line of starter feeds.

## This Little Piggy Went To Market.

If you're looking to increase your operation's profits, getting runts and orphaned pigs to market is a whole lot better than the alternative. And thanks to Crate-Mate, the pelleted sow replacer from Master Mix, little guys like this can get off to a healthier and potentially more profitable start.

But Crate-Mate does more than just reduce your litter's mortality rate. It can be an integral part of your entire early weaning program. Crate-Mate's special formula allows your pigs to extract more nutrition from the feed, for faster and more efficient gains. And the quicker they get into the nursery, the faster you realize your profits.

If you're looking to increase the efficiency of your early weaning program, talk to your Master Mix dealer. Because when it comes to getting little piggies to market, nothing works like Crate-Mate.
