

The New Case IH 8400 Series Round Balers

BALING THAT'S FAST, VERSATILE AND TROUBLE-FREE

Want to put more tight, weather-resistant bales behind your baler by day's end? Then check out the four new 8400 Series Round Balers from Case IH. There's a model designed to fit your needs, no matter the size of your operation or the material you're baling. They each feature direct feed into an open-throat chamber, and aggressive bale starting action. So every bale starts right and builds right . . . to stay tight and fresh until you need it. And an audible alert tells you when each bale is done and ready for wrapping.

8420 Round Baler turns out 39 x 54-inch bales for smaller needs.

8440 Round Baler builds tight, firm bales up to 5 x 5 feet, regardless of the crop.

8450 & 8460 Round Balers are high-production models, built to produce big bales . . . 46.5 and 61.5 inches wide, respectively, and up to 6 1/4 feet in diameter.

Stop in — they're here now.
