

(Continued from Page A3)

pressure in the feeders was in response to reports of lower cash prices paid today for replacement feeders at auction barns along with a 40 point drop on the cash index. The front three live cattle options closed from 18 to 87 points lower as continued bearish expectations for large increases in fed cattle supplies and placements into feedlots pressured. Further pressure was in response to USDA reports of slow fed cattle sales today in the Texas panhandle. April live cattle settled 87 points lower at \$76.45 while April feeders dropped 77 points at \$76.40.

CME FEEDER CATTLE SETTLEMENT PRICE - 4/10/89 - \$77.97 dn \$.40.

ACRES NEXT DAY OUT-LOOK: CASH - steady to weak FUTURES - steady to lower

ACRES HOG UPDATE: Live

hog futures closed higher across the board, but near session lows on late profit-taking from this morning's gains. Further weakness was attributed to spillover

from declining cattle prices. Prices traded sharply higher this morning with the June meeting resistance at \$46.45. Support was in response to continued expectations for a decrease in marketings

once producers begin fieldwork. Bellies settled from 20 lower on the August on shortcovering in response to ideas the pit had become over sold.

Old Feeders Worn Out Or Obsolete? CALL US!

Chore-Time Poultry Feeders Save Labor and Feed.

Feed costs soar and you're looking for every possible way to reduce man hours. Chore-Time's pan-type feeders offer you the capability of cutting costs while increasing productivity.

New rustproof Model 2000 automatically fills pan to attract day-old chicks — then adjusts itself to low feed level as birds grow.

New Model H2 is all plastic and has no grill. Its starter windows are at the top of the cone to completely flood the pan for easy chick starting.

CHORE-TIME's NEW Chick Starter System Fills The Pan And Puts The Right Amount Of Feed On The Floor Without Excess Waste.

With Chick Starter Windows Closed New H2 Plastic Pan Maintains The Proper Feed Level For Great Feed Conversions.

Either pan used with Chore-Time's MEAL-TIME Feeding concept can improve feed conversion by 3 to 5 points. Contact us today and learn how you can benefit from a Chore-Time feeding system.
