## Lebanon County To Hold Pageant

Kynel Bombardner

Brenda Dice

LEBANON (Lebanon Co.) — The Lebanon County Dairy Princess Pageant will be held Saturday, June 24, at 7:00 p.m. in the Annville Elementary School. The two young ladies vying for the title are Kynel Bomgardner, daughter of John and Margaret Bomgardner of Ono; and Brenda Dice, daughter of Harold and Audrey Dice, Fredericksburg.

The county will also be holding their first "Little Dairy Miss" contest at the Pageant.

For an ultra-luscious, ultra-easy dessert, start with a purchased frozen layer cake with lots of frosting. Ever so carefully pry the layers apart and smooth on a layer of softened ice cream. Superb!

BY LINDA WILLIAMS

Bedford Co.

LOYSBURG (Bedford Co.) — Jennifer Lynne Veach, daughter of Elaine and Paul Veach of Everett, was crowned the 1989-90 Bedford County Dairy Princess in a pageant held at the Northern Bedford County High School on Friday evening, June 9.

Veach received her crown from outgoing dairy princess, Angilique McDonald. "The Miss Congeniality Award" went to Angelene Kennedy, daughter of Janice and Willfred Kennedy of New Enterprise.

Other contestants, who along with Kennedy, were named princesses were Lou Ann Claar of Bedford, and Pennie L. Clark, also of Bedford.

Veach graduated from Everett Area High School on June 8. She works on her grandfather's farm and has two cows of her own. She is also an employee of the Gateway Restaurant. Next year, she plans to attend the University of West Virginia.

The new princesses' skit for the pageant was a classroom lecture to a group of stuffed mice on the benefits of calcium, milk and cheese. She herself was dressed as a mouse.

In answer to the questions, "What would you talk about if you attended a banquet and were seated beside the president of a bank?", she replied. "I would tell him how many farmers need loans to plant their crops."

The pageant followed a turkey dinner prepared by the band parents of Northern Bedford County High School.

Jennifer Lynne Veach

Peggy Henry was the chairman of ceremonies.

Ross Hershberger provided additional musical entertainment. Special songs presented by the contestants and a group of future dairy princess contestants were written by Sara Deputy and Joan Woy.

Dorothy Naugle was the master

Last year, as the 1988-89 dairy princess, Angilique McDonald traveled 5,091 miles. She spoke to 3,425 children in 150 classrooms, attended 16 farm meetings, 18 non-farm meetings, 39 special events, and did 14 store promotions.

Karcher's New Cold-Hot Steam Pressure Cleaners: 4X High Pressure In Perfection

### 1 Comfortable Operation

- Tireless operation provided by low resistance trigger gun and patented AVS Anti-Kink System with rotating high pressure hose and spray wand from the most advanced ergonomic technology (Patent No. DE 3407744 HDS 650 750). Comfortable to work with no kinking of the high pressure hose.

### 2 Precise Chemical Metering

- Infinitely variable chemical adjustment with two metering scales for precise chemical measurement.
- Simple adjustment of chemical concentration in the spray. No waste of chemical!

Fuel level sensor

- Multiple safety features result in trouble-free operation. Temperature controlled via thermostat, units incorporate low water cut-off.

### 3 Controlled Functional Safety

- Special ECS Safety System with indicators on control panel for inhibitor motor overload protection and low fuel supply.

### 4 High Efficiency-Low Energy Costs

- Complete trigger gun control, when trigger gun is released pressure switch automatically shuts off unit.
- 24-volt safety circuit in the unit for maximum protection.

FREE DELIVERY AND PRE-DELIVERY SET UP!

### 5 Compact direct drive axial piston pump and blower for higher efficiency

- Patented water cooled electric motor preheats water for maximum efficiency (Patent No. DE 3001751 HDS 650 air cooled).

- Vertical heater coil for condensation free heating comes complete with a 2 year warranty.
- + 90% fuel efficient burner system provides maximum fuel savings. Smoke-free constant ignition reduces exhaust gases.

### 6 Infinitely variable operating pressure and water volume for further savings

- Low Maintenance and Service Costs

- Built in inhibitor system on all HDS machines
- Direct drive system with hydrolockout no belts to wear or replace
- Stainless steel pistons with ceramic sleeves
- Stainless steel valves
- Logical construction and simple design reduces maintenance time

### 7 Long Operating Life

- One piece stamped chassis, galvanized, phosphatized and plastic coated
- Corrosion proof (plastic) fuel and chemical tanks
- Impact resistant fiberglass cover fits for easy access to machine's inner components

### 8 Exceptional Value in a Complete Package

- User comfort and convenience through AVS
- ECS safety system
- Built-in steam stage
- Inhibitor system
- Infinitely variable operating pressure and water volume
- O ring set
- Cleaning chemical
- Scale inhibitor
- 33 high-pressure hose, trigger gun, spray wand, high-pressure nozzle

**1989 BARN PAINTING**  
Latest Developments

1. **PREPARATION** - High volume water blasting at 1,000 lb. pressure re-surfaces barn siding into a smooth (like new) appearance!  
a. Performed by professionals quickly at reasonable cost  
b. By yourself with your own or rented equipment.  
c. Or other more conventional methods

2. **APPLICATION** - To insure better adherence to this super prepared surface, use the best fine bristle brush in four directions to evenly distribute the recommended mil thickness of seal coat coverage.

3. **SPECIALIZATION** - Every barn is different but generally it's best to use a high quality mildew resistant product, specially formulated to meet the requirements of this partially weathered wood that was and will be weather stressed.

4. **WARNING** - The modified oil latex is less effective as a wood preserver and actually increases nail & metal deterioration. Deal with home people. At their rates, I could double mine
