**3 SILOS AND  
UNLOADERS**

**WARNING,  
ALL SILO OWNERS**  
Check Your Silo Now For Rotten Staves. If You Have Been Using Your Silo For 10 To 15 Years For Either Corn Silage Or Haylage, It Is Time To SHOTCRETE.

**WARNING!**  
DETERIORATING  
CONCRETE FROM  
CORN JUICE!

If you have a 15 year old silo get it fixed or insure it better! But don't wait until the last minute to have it repaired because we may not be able to fix it if you wait too long.

REMEMBER your silo will not fall over when it's empty - it will fall over when it's full. It cannot stand on deteriorated concrete...

**Get the Power You Pay For  
With Van Dale DURAGLIDE™**

The newest innovation in silo unloading—from Van Dale, of course—is the DURAGLIDE Impeller System, which dramatically increases throwing power while reducing power requirements.

The DURAGLIDE paddle and wrapper inserts are slicker than glass and more durable than stainless steel.

Reduces friction and gummy buildups in the impeller.

Results in silage out the door every time—no annoying trips up the silo!

**See this revolutionary system today at your local Van Dale dealers.**
