ARE YOU WASTING HARD EARNED
DOLLARS ON INEFFECTIVE FLY CONTROL?
Flies spread disease and cut production,
so the fly control you are using could be costing
you more than you think.

GET 80-95% CONTROL with the AUTO-MIST
Automatic Insect Control System and
MISTAFLY Natural Pyrethrum Insecticide.
Automist and Mistafly can give you an effective
insect control program, helping you lower
disease potential and eliminate production
losses due to flies.
