

Reel Rain, American Made Quality Irrigation

Imitated but not duplicated. Many imports are copying the proven design of Hobbs Reel Rain Irrigation systems. What they can't copy is the years of experience that have gone into perfecting the Reel Rain design. Today's Reel Rain systems are the best ever. They're stronger, simpler to operate, and more dependable. We offer fourteen models from which to choose depending on the number of acres you intend to irrigate. With the optional engine drive each unit becomes a cost effective solution to removing liquid manure from your holding ponds and lagoons.
