Steel or Pole Buildings For Farm And Commercial

25 Years Experience!

WARNING, ALL SILO OWNERS
Check Your Silo Now For Rotten Staves. If You Have Been Using Your Silo For 10 To 15 Years For Either Corn Silage Or Haylage, It Is Time To SHOTCRETE.

WARNING!
DETERIORATING CONCRETE FROM CORN JUICE!

If you have a 15 year old silo... get it fixed or insure it better! But don't wait until the last minute to have it repaired because we may not be able to fix it if you wait too long. REMEMBER your silo will not fall over when it's empty - it will fall over when it's full. It cannot stand on deteriorated concrete..
