Ehrlich gets the jump on fleas.

Fleas feed only on blood. Prior to biting humans they may have fed on skunks, rats, or deer. Fleas don't care.

Adult fleas can go two years without a meal, but prefer to eat often. They usually bite humans on the legs, but will jump onto beds and chairs if given a chance. This can be more than just irritating. Fleas are among the most notorious disease carriers in the world.

Allowed to roam your home, one female flea will lay about 450 eggs. Get the jump on fleas before they jump on you. Call Ehrlich for a free inspection, no obligation.

The Bug Stops Here.

Ehrlich Since 1928
