The Woods mow'n machine™

It runs circles around trees, shrubs, fence rails and the competition.

Maximum maneuverability is the key to the mow'n machine's growing popularity. Because engine power is supplied to each wheel independently, a true 360° zero radius turn can be made smoothly without any damage to your lawn.

And the mow'n machine makes all the right moves even in those hard-to-reach places. That keeps you from having to double-back for time-consuming follow-up trimming.

Available with either a gasoline or diesel powered engine, the mow'n machine also features an out-front mower deck, finger tip controls for speed direction and braking and a comfortable, vinyl-padded driver's seat.

Adding versatility to the mow'n machine is easy with these easy-on, easy-off attachments:

Grass Vac
8 cu ft capacity
Slide-in Nylon Bag

Grass Vac
13 cu ft capacity
Metal Hopper

Snow thrower
with cab
