

**Northeast Chicken Parts**

Wednesday, August 30, 1989

Trucklot buying interest improved and was generally noted as good to very good on most items. Cutlets were adequate to fully adequate at unchanged prices while whole breasts were short of an active call. Leg items were adequate to barely adequate and firmly held for holiday and first of the month needs, particularly leg quarters. Wings were irregularly available and in closest balance on hand cut supplies, adequate otherwise.

**Delmarva Broiler Fryer Report**

Wednesday, August 30, 1989

Demand for ready to cook whole fryers was fairly good today and somewhat better than expected. Supplies were generally adequate for current needs. In the parts complex, supplies of cutlets and wings were adequate and clearing, whole breast were tight, and dark meat items were barely adequate and held with confidence for the active demand. Less than trucklot asking prices were higher at 55-65 cents. Live supplies were adequate with average weights on the heavy side of desirable. Today's slaughter schedules were heavy. The trade sentiment was fully steady to firm.

Wednesday, August 30, 1989

Trade sentiment was steady to weak. Retail buying interest was slow to moderate as consumers resisted recent price increases. Supplies were generally adequate to fully adequate. Feature activity was light. Shipments for export helped keep supplies in balance but inventories were increasing in some areas. Breaking stock prices trended unchanged to lower.

**Eastern PA & New Jersey Poultry**

Wednesday, August 30, 1989

Prices for light type hens was unchanged to 1 cent higher. The trade sentiment was barely steady. Offers from producers increased substantially during the past week and were at least adequate. Buyers were cautious and booked most offerings at open prices. Processors operated less than full this week, will be closed Monday for the holiday, and are mostly full next two weeks. Demand for canner product was only fair. The undertone was barely steady to weak. LIVE LIGHT TYPE HENS: AT FARM 10-14 MOSTLY - F.O.B. PLANT - MOSTLY.
