Long-life, hardened
 hammers can be turned
 end-for-end and reversed.
 This allows you to utilize
 all four corners.

Grinding-screen
 changeovers take less
 than a minute, thanks to
 the wide access door and
 easy lift-out design.

Six double-V banded belts
 deliver a positive, consis-
 tent flow of power to the
 hammer mill.

A rugged flinger at the top
 of the mixing auger throws
 material out against the
 tank walls. This process
 ensures thorough mixing
 of the incoming materials.
