VAN DALE

Dependability through quality

**RISING
FEED
COSTS?**

VAN DALE
Has The Answer!

the Orbit Mixer

Thousands of dairy farmers just like you have changed to a total mixed ration program for their dairy herds—and they're glad they did! By working with a qualified nutritionist to determine the most economical ration for their herds and by using a VAN DALE Orbit Mixer designed to blend the most ration every time, these dairy farmers are reporting significant profit improvements through lower feed costs and/or higher milk production.

Feed Cost —
20 cents per cow per day
60 cows x 365 x .20 = \$4,380

Milk Production —
4 lbs. extra per cow per day
60 cows x 300 x 4¢ x 10 = \$7,200

Typical Savings
for 60 Cow Herd

Bottom Line Savings
\$2,820 per year per herd
