"All Things Being Equal, Bicep®+ Princep® Cost Less."

Bicep plus Princep herbicides give you the best combination for no-till weeds and grasses. Together, they easily penetrate trash and topsoil to move into the weed germinating zone for season-long control of annual broadleaves and grasses. They even stop late germinating grasses like crabgrass and fall panicum.

So go with Bicep plus Princep. You'll love the way they work in your cornfield, but the real plus is how they work within your budget.

BICEP+PRINCEP
They Cost Less.
