72" Width IN STOCK Factory List \$4825 ONE ONLY! \$4,350 No. 4821

Take any rough-graded lot. The Ag-Tech PRESEEDER can transform it into a flat, finished seedbed - quickly, easily! The PRESEEDER attaches to any tractor equipped with PTO drive, 3 point hitch and remote hydraulic valve. Large front rotor with heavy duty tines can be adjusted low on first pass to loosen surface and fill in holes with soil from higher areas. Horizontal angle of rotor displaces rocks and other debris into windrows. On final pass the PRESEEDER can be set high for smoothing. Evenly-spaced teeth on rear roller punch into finished soil to speed germination of grass seed. Your end result... a beautifully-prepared seedbed - fine textured, even and ready for planting!
