**L A I D I G**  
THE ONLY NAME YOU NEED TO KNOW IN BOTTOM-UNLOADING

**NEW! LAIDIG 43R!**  
If you're bothered by high maintenance costs, poor feed delivery or a "free flow" unloading system that fails, then you need the new Laidig 43R conversion package. The 43R converts some existing oxygen limited metal structures to high performance Laidig unloading in just one day without alterations to your structure! The Laidig 43R Power Sweep Auger replaces gravity feed augers. It works for you every day not just at the end of the season. It's the full time unloader. The Laidig 43R is the heavy duty machine engineered to the high quality and performance standards that operators expect from the leader - from Laidig!

**FORAGE**  
L A I D I G 98  
The agri business standard for unloading performance and quality for structures 15' x 27'.  
NEW L A I D I G 198  
The next step up in forage unloaders. For structures 24' x 30'. Sophisticated all gear drive system and the power to unload material.

**GRAIN**  
L A I D I G 43  
For most grain unloading operations. Full time unloading.  
L A I D I G 143  
For larger structures and higher capacity unloading conditions. Works for you every day not just at the end of the season.

**WE GAVE BOTTOM-UNLOADING A GOOD NAME. LAIDIG.**
