Introducing the M-F 8450 and M-F 8460.

THE NEWEST NUMBERS IN COMBINING. FROM THE OLDEST NAME IN COMBINES.

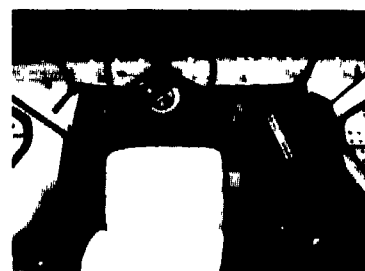

The people who invented self-propelled combines now bring you two new high-capacity, conventional combines that lead the field in performance, features and peace-of-mind.

Look to a name you know and trust for the quality and features you need

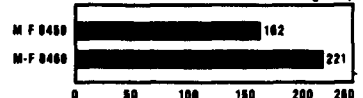

- ▶ Hydrostatic drive simplifies operation
- ▶ Wide-view cab gives an unobstructed view of the cutterbar
- ▶ Electronic harvest monitor displays how every stage of the combine is performing.
- ▶ Choose 6-row corn head, rigid or flexible bottom grain headers and a windrow pickup header.
- ▶ Trained M-F dealer service people and the M-F parts network.

We can even arrange low-rate M-F financing, or a lease or rental plan to meet your needs. See us soon to learn more about the best values around in M-F tractors, combines and implements.

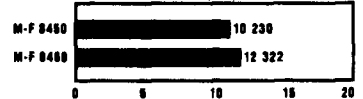

Spacious, center-mounted cab is dampened and insulated for less-than-80-dB sound levels.

ENGINE HORSEPOWER* - Mir. est. engine hp

Reliable Mercedes Benz diesel engines deliver lots of torque on very little fuel

SEPARATION AREA (HP²)

Positive Separation Process utilizes every inch of separation area

CONCAVE AREA (HP²)

Torque-sensing cylinder plus in-cab mounted front and rear concave adjustments let you harvest faster and cleaner
