Get the Power You Pay For With Van Dale DURAGLIDE™

The newest innovation in silo unloading—from Van Dale, of course—is the DURAGLIDE Impeller System, which dramatically increases throwing power while reducing power requirements.
The DURAGLIDE paddle and wrapper inserts are slicker than glass and more durable than stainless steel.
Reduces friction and gummy buildups in the impeller.
Results in silage out the door every time—no annoying trips up the silo!
See this revolutionary system today at your local Van Dale dealers.
