SKID LOADERS

Reach for the sky!

New Holland "Super Boom" loaders lift the payload forward as the boom rises. So you get more forward dump reach where you need it most. Extra dump reach means you can load the center of a tandem-axle dump truck.

Super Boom loaders also feature a longer wheelbase for increased stability and fast cycle times for more productivity.

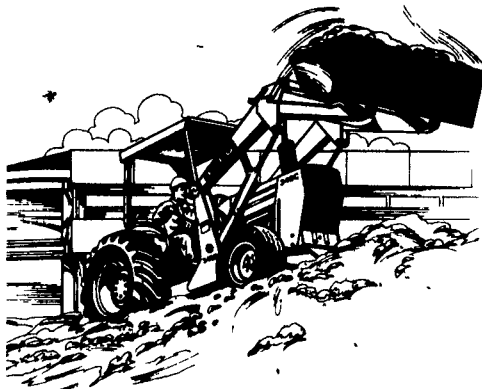

Models range from 18 to 57 horsepower with SAE load ratings up to 2,050 pounds

Ask us for a demonstration. You'll see how much better a skid-steer loader can be

COMPACT DIESELS

Compact Diesels from Ford New Holland

The new Ford compact diesels give you more power than you'd expect from a compact diesel. They offer a bigger average cubic-inch displacement (CID) than leading competitors so the engine doesn't have to work as hard to generate its horsepower. And that means lower rated engine speeds, less wear and noise and better fuel efficiency.

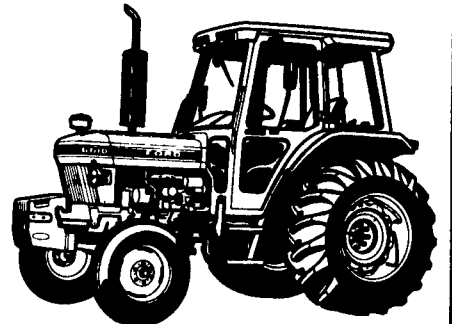

Stop in and see the new Ford compact diesels. There's one just right for you.
