NEW X-FOLD PULVERIZERS

Choice of Four Styles of Roller Wheels

Hitch Adjustment

The pulverizer has been a basic tool for nearly 100 years and Brillion has been building them since 1895. Look at these features:

- Automatic Transport Lock
- Telescoping Drawbar
- Hitch Adjustment
- Cost Efficient-Energy Savings
- Floating Wings
- Narrow Transport Width

Another outstanding feature of BRILLION's X-Fold Pulverizers is the Hitch Adjustment. The pulverizer drawbar can pivot vertically in field position. Three thicknesses of shims are provided on the braces on each side of the drawbar (1/8", 1/4" & 1/2"). These shims are used to limit soil pushing in front of the rollers.

CONTACT YOUR BRILLION DEALER FOR DETAILS:
