3 SILOS AND UNLOADERS

WARNING, ALL SILO OWNERS
Check Your Silo Now For Rotten Staves. If You Have Been Using Your Silo For 10 To 15 Years For Either Corn Silage Or Haylage, It Is Time To SHOTCRETE.

WARNING! DETERIORATING CONCRETE FROM CORN JUICE!

If you have a 15 year old silo... get it fixed or insure it better! But don't wait until the last minute to have it repaired because we may not be able to fix it if you wait too long. REMEMBER your silo will not fall over when it's empty - it will fall over when it's full. It cannot stand on deteriorated concrete...

ZIMMERMAN'S FARM SERVICE

1/2 Mile West Off Rt. 501 On School Road, Bethel, PA Phone 717-933-4114

ATTENTION FARMERS
Strengthen And Reseal Your Silo With Shotcrete

S & S Silo Service Has Experience Over 700 Silos Have Been Relined With Shotcrete

IS YOUR SILO READY TO BE FILLED WITH GRASS SILAGE?

FOR FAST BLOWING USE THE NEW 1200 MULTI-FLO SPREADER!

S&S Silo Service prepares the silo surface by using a 3,000 lb. pressure washer, thus making the silo moist, making a much better surface to bond shotcrete. After shotcreting, S&S always takes

away any roughness by applying a steel trowel finish. The excellent bonding of shotcrete to the silo will keep out moisture and prevent mold from growing on the side of the silo.
