## GET THE EXTRA EDGE

Put a Vicon *three-bladed* disc mower conditioner through wet, heavy, tangled crops. Then compare the difference.

With almost double the number of cuts per minute over two-bladed disc competitors, and six times the cuts per minute over sicklebar systems, it's easy to understand the clean, fast, NO PLUG performance of Vicon KM disc mower conditioners.

Add the extra suction created by Vicon's unique triangular discs, the full swivel hitch that lets you cut square corners on the move, and gentle, full width conditioning, and you're looking at a high capacity machine that puts productivity in a whole new dimension. Four models cut from 7' to 10' 6" widths
