The "Quality Crafted" Line Better Seedbeds...Better Stands!

SEEDERS

SURE-STAND SEEDERS Get robust productive stands every time by putting the seed into the ground where it belongs. Saves up to 50% on seed costs.

X-FOLD PULVIZERS

The X-Fold pulverizers are designed to meet the needs of today's larger acreage farmers and Brillion offers them in two models and 11 sizes from 19' through 36'.

SOIL BUILDERS

SUPER SOIL BUILDERS Expanded frame for residue flow thru without plugging. Coulter gang can be hydraulically controlled to save maintenance dollars.

PULVI-MULCHERS

PULVI-MULCHERS Build a firm clod free seedbed — one that lets all the seeds germinate at one time.

MOUNTED HARROWS

CART MOUNTED HARROWS Allows each section of the harrow to follow the contour of the ground but also has a cart that converts the machine for easy transport.

FLAIL SHREDDER

FLAIL SHREDDERS Heaviest gearbox on the market eliminates the number one cause of downtime.

P10 SERIES PULVERIZER

NEW P10 SERIES TRANSPORT CONCEPT Brillion's transport concept is new to the industry. Machine weight is hydraulically rotated over the wheels for transport. This reduced drawbar hitch weight considerably and provides ample clearance for transporting.

RO-CROP CULTIVATORS

RO-CROP CULTIVATORS No-wobble parallel linkage. Set it and forget it. Folds flat for safe easy transport.

DEEP TILL

This 9 shank model has a cutting width of 11'3" and is fitted with the optional drawbar hitch. It is equipped with the coulter gang assembly, which has 10" vertical adjustment. Shanks are set at 15" spacing but may be converted to 30" spacing by raising the rear row of shanks. Depth is controlled by hydraulic gauge wheels.
